“Vehicle Safe Storage Rules”

By signing below the renter agrees to follow these rules.

- Vehicle property owners will have limited access to their vehicles – a representative of Ashuelot Park LLC MUST accompany the property owner while on the premises. The Property Owner MUST call a minimum of two (2) hours prior to arrival to the building.

Initial _____

- Vehicles being kept in Zone 3 and Zone 4 (office space) cannot be removed prior to 4:30pm Monday through Friday.

Initial _____

- No vehicle Repairs, Maintenance, Refueling Allowed or Vehicle Standing idling in the garage area.

Initial _____

- No flammable liquids, combustible gases or “smoking” is allowed within 100 feet of the vehicle storage area.

Initial _____

Please note:

Vehicle storage areas will be inspected daily for any possible vehicle fuel leakage problems. Employees of Ashuelot Park LLC are trained in Emergency Response if fuel leakage is detected. There are additional Class B Extinguishers in Vehicle Storage areas for emergency use. Vehicles are stored within the “sprinklered” area ONLY.

Also note that this storage arrangement is a short term arrangement for the winter season only.
